Sir:

AMENDMENT

Please amend the above-identified application as set forth below prior to examination thereof.

IN THE CLAIMS

Amend claims 49-51 as follows:

49. A reproducing apparatus for reading out image information and ID data of the image information from a recording medium recorded with the image information and the ID data of the image information to output the information and the ID data thereof to a display device, comprising:

means for reading out the image information and the ID data corresponding to the image information from the recording medium;

means for superimposing the image information read out from the recording
